## **Start Your Own Family Genealogy Hub**

This family history site is built to be duplicated.

### **Why this is different**

- No accounts
- No data selling
- Living people private by default
- Evidence required for claims
- You own every file

### **How to start**

1. Download or fork the repository
2. Rename it for your family
3. Edit FAMILY\_TREE.md
4. Enable GitHub Pages

### **Result**

A permanent, respectful family history you control.
